Perry Faanes requests addition as inventor to 10/781,587

To the Director of the United States Patent and Trademark Office,

Please accept the following request by Perry Faanes, an unnamed inventor on U.S. Patent Application No. 10/781,587, titled SCULPTURE METHOD UTILIZING NEW MEANS OF SIMULATING, VIEWING, AND DISPLAYING SPORTING, UNDERSEA AND OTHER ENVIRONMENTS. I, Perry Faanes was a true inventor who should have been listed on this application, but was omitted through a complete lack of deceptive intent on my part and the parts of the three inventors currently on the patent, namely, Phil Dean Roberts, Robert Nealy and Robert Eubank. In particular, I contributed the "fish-eye lens" sculpture design and method illustrated in Figures 1 and 2, described in detail on pages 9 and 10 of the specification and in Claims 3 – 14. Under the powers granted to you by 35 U.S.C. section 116, I respectfully request that you add my name, Perry Faanes, as an inventor to this patent application.

35 U.S.C. 116: Whenever through error a person is named in an application for patent as the inventor, or through error an inventor is not named in an application, and such error arose without any deceptive intention on his part, the Director may permit the application to be amended accordingly, under such terms as he prescribes.

Sincerely,

Perry Faanes
